"A poet's road trip,  
tracing the blue highways  
with a dazzling prose.  
We should all take strength  
from his impressive traverse."

-Doug Peacock

Blending poetry with prose, *Vagabond Song* recounts 15 years of hitchhiking and road trip adventures to create what William Hjortsberg calls, "a poet's song to the rewards of wandering and the joy of the highway."

"This is the kind of book parents will hide from their graduating children, but which will be found nonetheless."

-Rick Bass
